

Weight Driven Grinder with 1 Hopper

Model G9WD-RH

(funnel sold separately)

Dimensions: 29.8" H x 8.1" W x 20" D
(75.7cm H x 20.6cm W x 50.8cm D)

Features

Weight Driven Grinder

- Weight driven technology delivers unparalleled accuracy in portion controlled coffee grinding, with three programmable batch sizes
- During grinding, the coffee type and selected batch size is communicated to the Smart Funnel
- Works with all types of brewers (both BrewWise and non-BrewWISE), from 12 cup brewers to satellite/systems brewers
- A BrewWISE brewer will read the information in the Smart Funnel, adjust the brew batch size accordingly, and brew the ideal batch of coffee
- Easy-to-use front-loading bean hoppers allow quick access for bean replenishment and cleaning
- USB port for easy programming
- The G9WD can also function as a time-based grinder should need arise
- LCD alphanumeric display shows status, programming parameters and diagnostics
- Precision grinding burrs consistently deliver the specified quality grind, and have a four year warranty
- PROP 65 Warning Decal included in packaging with equipment
